## San Diego's Finest Real Estate Commences Foreclosure Bus Tours

*Local real estate company offers tours of foreclosed properties throughout San Diego starting with Solana Beach, Del Mar and Carmel Valley*

**SAN DIEGO (Jan. 29, 2008)** To showcase some of the best deals among hundreds of properties that have been repossessed by lenders in San Diego County, [San Diego's Finest Real Estate](#) (SDFRE) is launching the "Great American Dream Home Tour." In February and March, the company will take prospective buyers on a four-hour guided search for bargains within the San Diego residential foreclosure market. The tour's first stop: Solana Beach, Del Mar and Carmel Valley on Saturday, Feb., 9 from 9 a.m.- 1:00 p.m.

"The real estate market in San Diego has made a nice correction and now is a great time to buy a home or condo, especially if you take advantage of bank-owned foreclosures," said Anne-marie Boyer, a [SDFRE](#) broker. "Lenders are being aggressive and the banks are actually required by law to get foreclosures off their books, so it's a great time to invest."

Large inventories of these real-estate-owned (REO) properties have made lenders increasingly willing to negotiate. Many of the homes and condos that will be seen on SDFRE's foreclosure tours have been marked down tens of thousands of dollars below the original asking prices.

In addition to touring foreclosed properties, SDFRE will offer helpful tips for people looking for a home in this buyer's market. The information provided will include the process of buying a home and an orientation of the community, as well as loan and re-sale information.

The foreclosure bus tours are free and are offered on the following dates for the below listed San Diego County areas. All tours will take place from 9 a.m. until 1:00 p.m.
